Premier King Threatens to Call Second General Election If Returned Only by Small Majority

Is Proud to Live Under Union Jack

Conservatives Accused of Trafficking With Flag for Political Purposes—Order-in-Council Explained

ERINDALE, Ont., Sept. 8.—Possibilities of a second general election hovered over the Liberal camp at the Premier King's address to the electors of Peel County here today.

The Premier had been speaking of difficulties experienced in the House of Commons by the Government not having a clear majority. He stated, as he had stated at previous meetings since he opened his Ontario campaign, for a substantial majority to enable the Government to carry out its programme on the tariff, on transportation, on immigration and in reform of the Senate. Then he intimated that if the Government's majority in the next House were not sufficient, he would ask for dissolution a second time.

"If," he declared, "we are again faced with the situation that confronted us in the last four years, I shall ask for another dissolution of Parliament to get this matter straightened out, until we get a majority sufficient to meet the country's needs."

Mr. Meighen Assailed
The occasion was marked by the first public appearance of Hon. G. N. Gordon since he was sworn in as Minister of Immigration. Mr. Gordon described Mr. Meighen, Conservative leader, as suffering from "a stigmata of thought" and defining the industry of Canada until people were afraid to go into business.

Mr. Gordon added that trade had never been such as it is today; unemployment had never been so limited as it is today. He cited six companies as having increased the market value of their stock by a hundred million dollars. "We are on the upward trend," he declared.

Premier King was emphatic in his Continued on Page 1

Plan to Spend \$5,000 on Advertising City Lots on Prairies Endorsed

A plan to spend \$5,000 on a big advertising campaign on the prairies for the sale of reverted lots was last night endorsed by the City Council. Of this amount the city will contribute \$2,500. The land committee will seek to raise a similar sum from the Publicity Bureau and the Victoria Real Estate board.

The plan of giving purchasers of lots discounts equal to their fares to Victoria from their prairie homes was accepted by the City Council. The advertising would be confined to newspaper publicity, Mayor Penney explained. The campaign would be begun forthwith, he said.

Council to Probe Lake Golf Charge

Investigation Ordered of Mr. Justice Martin's Allegations Concerning City's Elk Lake Undertaking

"Misleading," His Lordship Declares

THE City Council will hold an investigation into the allegations made by Mr. Justice Martin to the effect that he had been furnished "incorrect and misleading" information about the city's expenditure this year on the Elk Lake Park golf course.

"If he can't prove it," said Mayor J. Carl Pendry, apropos of the charge that "incorrect and misleading" information had been given, "he should be made to apologize and take it back."

Ald. Woodward stated that, in his letter to the Council, Mr. Justice Martin had made very serious charges. He suggested, therefore, that the writer of the epistle be asked to appear before the Council and assist in an investigation. Seconded by Ald. Marchant, this motion passed.

Mr. Justice Martin's letter to the Council was in part as follows: "I regret to say that in regard to the sums expended the information furnished in answer to the first question is incorrect and misleading to my personal knowledge."

"The total amount expended on the undertaking is given at \$15,743.55, and it is stated that (c) during the past six months and (d) the past three months, no money has been expended thereon. But the fact is that during this Spring and Summer considerable work has been done upon this golf course, pursuant to the plans prepared by your golf architect, and frequently during the course of the Summer I have seen men, teams and implements at work upon the maintenance and construction of fairways and putting greens, pursuant to said architect's plans, and when I last visited the property on Wednesday, the 2nd instant, there were still remaining several bags of straw, which had been removed from the fairways, as is done in the course of the ordinary work of constructing and maintaining a new golf course."

"Therefore, I respectfully ask you to order a strict investigation to be made so as to arrive at the truth of the situation, because it is now too evident that you are being deceived in this matter, and, through you, the ratepayers who have to stand the cost of it, although they have never been given the opportunity to approve and authorize such a big undertaking, as they should have been."

Home Market To Absorb New Dominion Loan

\$75,000,000 Fifteen-Year Bonds to Be Disposed of by Government to Refund Maturing Obligations

OTTAWA, Sept. 8.—A new Canadian loan was announced today by Hon. J. A. Robb, acting Minister of Finance. The Dominion Government fiscal plans for the year have been completed, involving the disposal of \$75,000,000, fifteen-year 4-1/2 per cent bonds. The text of the official announcement is as follows:

"Concluding his plans to meet early maturing Dominion Government obligations, the acting Minister of Finance has announced the issue of \$75,000,000 fifteen-year 4-1/2 per cent bonds on which principal and interest will be payable in Canada only. The bonds will be disposed of through a strong Canadian syndicate."

"The proceeds of the issue will be used for refunding maturing obligations, including the replacing of \$42,000,000 tax-free bonds now outstanding."

"In arranging this year's financial programme, the Government has followed the policy adopted last year of making use of both foreign and home markets for its financing, an issue of \$75,000,000 of one-year notes having been placed in the United States markets early last week."

"Public announcement providing details of the offering will be made immediately."

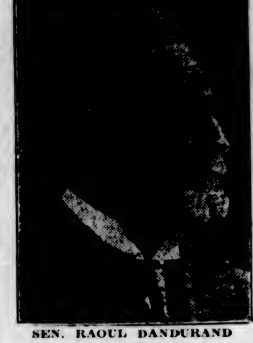

Missionaries Hotly Assailed in Africa

Minister of Justice Plays Church Workers as Hypocritical in Attitude Toward Natives

PRETORIA, South Africa, Sept. 8.—Addressing the electors of Pretoria South, Hon. T. Roome, Minister of Justice, tonight advised the Church of England missionaries to clear the past houses and dens of oppression among their own kith and kin in the east end of London and other European cities before preaching to the natives of South Africa that they were being unjustly treated.

He described the attitude of the majority of the Church of England missionaries as absolutely hypocritical and maintained that the natives were advancing and not retreating. He declared that the government would tackle the native problem along serious and honest lines.

Canadian Named Head Of League of Nations

SEN. RAUL DANDURAND

GENEVA, Sept. 8.—Senator Raoul Dandurand, Government leader in the Canadian Senate, was yesterday unanimously elected as president of the assembly of the League of Nations.

Tenders for New Esquimalt High School Invited

Trustees Estimate Proposed Structure Will Cost \$17,000—No Vote Likely Until Elections in January

TENDERS are being called for the construction of a High School building in the municipality of Esquimalt, and bids must be in the hands of the secretary of the Municipal School Board by Tuesday, September 23, the date of the trustees' monthly session. It is estimated that the cost of the proposed one-story structure will be \$17,000.

The School Board is laying plans for the erection of a High School building between the Lamson Street and Esquimalt waterworks, and providing for their approval or otherwise. Plans for the proposed building have been prepared by Mr. Thomas D. Sedger, architect, and tenders for the construction are being sought, after which a by-law will be drafted to submit to the people.

Assistance Anticipated

It is unlikely that the ratepayers of Esquimalt will recoup their views at the polls on this High School question until the annual municipal elections in January, because it is now too evident that you are being deceived in this matter, and, through you, the ratepayers who have to stand the cost of it, although they have never been given the opportunity to approve and authorize such a big undertaking, as they should have been."

If the new High School is built on plans drawn by Mr. T. D. Sedger, architect, the one-story building will have three classrooms, a principal's office and a laboratory. It will be a brick building, with stucco finish.

The Esquimalt school trustees believe that Esquimalt must have a High School. The Lamson Street school is not sufficiently large to house the public as well as the High School students of the well-populated and growing municipality. Either the High School students will have to go to Victoria for their education or they will have to rely upon their own municipality for a building.

U.S. President Favors New Arms Conference
SWAMPSCOTT, Sept. 8.—Still hopeful that conditions abroad soon will be propitious for the calling of another disarmament conference, President Coolidge is concerned chiefly with having a conference held that gives promise of result and does not care particularly where it is held or who calls it.

Comment was withheld at White Court today on the announced intention of Premier Painleve of France to urge the League of Nations to sponsor another conference as soon as the security problem is settled.

Motion Picture Players Besiege Island Resorts

Fair Field and Fjord Fascinate Mr. William Farnum, Famous Film Producer—Betty Blyth, Noted "Queen of Sheba," Also With Party

Mr. William Farnum, famous on the stage and the silver screen, here, as also are seven noted motion picture actresses. They shunned the city for the more fascinating wood and seaside resorts of Vancouver Island.

Mr. Farnum and his party, which includes Mr. Harry Coker, his wife, Miss Betty Blyth; Mr. Halpey MacLaughlin; Mr. Len Spencer and Mr. George A. Wilcott, are all staying at Mill Bay Inn.

At Brentia Lodge, Mr. Monte Blue, actor of comedy drama, has been enjoying a much-needed rest, and an enjoyable vacation prior to his departure for Hollywood, that he will be back this

Fall with a company to "shoot" scenes on Vancouver Island. The scene, he stated, will deal chiefly with lumber camps and mounted police.

That the much-talked-of motion picture industry for Victoria may be realized is indicated in the fact that Victoria is increasingly becoming a popular summer resort for motion picture actors and actresses, and that every member of the present party of motion picture players visiting the Island Summer resorts asserted that Vancouver Island has the most charming scenery they have ever seen.

Fight Goes To Floor of Legislature

Those Opposed to Council's Action in Expropriating Esquimalt Waterworks to Oppose Move in House

Opponents Seeking Ratepayers' Vote

Petition, It Is Announced, Will Be Circulated for Placing Before Members at Opening of Fall Session

IT appears evident that threatened court action over the expropriation of the Esquimalt Waterworks Company's undertaking by the City of Victoria is to be transformed into an effort to prevent the endorsement of the city's action by the Provincial Legislature. Mr. Frank Higgins, K.C., who has been retained by opponents to the expropriation, says he has been instructed to oppose such a legislative endorsement following the announcement that the House was to be appealed to.

This opposition is based on the same grounds as the legal action was launched. This is the claim that the Mayor and Council of the city have overlooked the principle that the Legislature of the Province must be consulted before action of this kind is taken. The opponents of the move admit that the city has the right by law to expropriate, but that this must only be exercised after the ratepayers of the city have been consulted and have agreed that it is right to assume the expenditure that will be necessary.

Mr. Higgins says he has been instructed to oppose the action planned at the next session of the Legislature on the same ground that the citizens have not had the opportunity to pass upon the question. Until that is done it is contended that the Legislature should not endorse the action taken. It is contended that the legislation governing the city waterworks and providing for the expropriation of the Esquimalt waterworks provides for this submission to the people of a by-law before action is taken.

A petition opposing the endorsement of the Legislature of the action taken will, it is announced, also be ready for presentation to the House when the matter comes up.

Growth Pleases Management of Hudson's Bay Co.
Chairman of Canadian Committee Says Organization Has Abiding Faith in This City and Island

THE Hudson's Bay Company is highly gratified by the growth and development of the business of its Victoria store, says Mr. G. W. Allan, K.C., of the firm of Munson, Allan & Co., Winnipeg. Mr. Allan is chairman of the Canadian committee of the company and his firm are general solicitors for the company in Canada.

Mr. Allan, who is visiting Victoria, says the company has an abiding faith in the future of this city and views with increasing confidence the future of its large property interests in Victoria and on the Island.

In the first interview which he has given since his appointment as chairman in succession to the late Sir Augustus Nanton, Mr. Allan said:

Plans Developed
"In December, 1924, the Hudson's Bay Company announced the resumption of its pre-war programme and since then much progress has been made in the development of plans based upon consistent faith in the future of Canada—for example, the extension of the store in Vancouver, the commencement of a new store in Winnipeg; the acquisition of additional land in Edmonton for future development; the construction of a new steamer for the Arctic trade."

"The decision of the company was influenced by the rapid growth and development of the great and varied resources of British Columbia. The increase in the volume, value and diversity of agricultural products of the three prairie provinces, the general

Outawa Rail Plan Fails to Impress
Financial Paper Wonders What Premier's Announcement Means, If Anything

LONDON, Sept. 8.—Discussing the Canadian Government's railway policy, The Financial News says that Premier King places the problem of transportation in the forefront of his political programme on which he proposes to appeal for a referendum vote of confidence from the Canadian people. But his reference to the subject in his speech of last Saturday were much too vague and general to enable the public to understand exactly what his railway policy really is.

"The paper asks what is the 'regulated and controlled competition' for the Canadian railways?"

"Until the Canadian Premier descends from generalities," it says, "to details, his policy, whatever it may be, will hardly inspire enthusiasm or confidence in either this country or Canada."

Conservatives Will Nominate Candidate For City on Monday

A CONVENTION of the Victoria Liberal-Conservative Association will be held Monday, September 14, at 8 p.m., in the Conservative Rooms, Campbell Building, for the purpose of nominating a candidate for the Federal House.

Each ward is requested to appoint fifty delegates to attend the convention, as only delegates will be admitted.

Mr. Meighen To Hit Back At Premier

Conservative Leader Expected to Reply to Mr. King's Attack at Ontario Meeting Today

OTTAWA, Sept. 8.—Hon. Arthur Meighen left tonight for Winnipeg, Ont., where he will make his first speech tomorrow in the Federal election campaign. It had been intended to open the campaign in Ottawa, but the Winnipeg meeting was arranged before the election date was fixed and the Ottawa meeting will be held later. Many Liberals of prominence will appear on the Ottawa meeting.

At Winnipeg Mr. Meighen will reply to Premier King's Richmond Hill pronouncement. His speech is about one-quarter in words of that of the Prime Minister. It is believed he will wipe aside all superficial issues and make the Dominion's economic policy and economic future the main feature of his campaign, contending that an improvement in the country's economic future will in a great degree solve the problems of immigration, taxation and transportation.

Official of Loyal Knights of Ye Round Table Selected at Inaugural Dinner—To Meet Monday Night

ALDERMAN M. P. Blair was the unanimous choice for the presidency of the Victoria Table of the Loyal Knights of Ye Round Table, at the inaugural meeting of the organization, held at the Chamber of Commerce last night. He has taken an active part in the formation of the local table, and his election was made by acclamation.

Three vice-presidents, in the persons of Mr. James W. Hudson, Dr. Douglas Graham, Colonel Donald McCuan and Mr. Herbert F. Crowe, were chosen for the ensuing term. The secretary-treasurer of the organization is Mr. William T. Strath.

Charter to Be Applied For
The membership in the local Table of the Loyal Knights of Ye Round Table has been fixed at forty, and already a number of Victoria's most prominent business and professional men have become associated with the Table. The charter membership will be twenty-five.

Application to the international organization for a charter will be made by the Victoria Table. The ceremony of the presentation of the charter to the local body will be attended by Loyal Knights from Vancouver, Seattle and Tacoma, while Brigadier-General Victor W. Odium, M.P.P., president of the Vancouver Table, who was unable to attend the inaugural dinner here last night, will be present and will deliver an appropriate address.

Service is Symbolized
An international fellowship service organization is the Loyal Knights of Ye Round Table, formed around the legends of King Arthur's Round Table to symbolize the thought of constructive service and fellowship. Tables of the organization are located in fifty cities spread throughout Canada and the United States. Membership is chosen very carefully, and only one person from each business and profession can belong to the Loyal Knights of Ye Round Table.

C.P.R. Vice-President Will Arrive Here Today With Party

ON a trip of inspection, and to make a survey of business conditions, a party of officials of the Canadian Pacific Railway Company will arrive here this afternoon from Seattle. In the party are Mr. W. R. MacInnes, of Montreal, vice-president; Mr. C. E. McPherson, of Winnipeg, assistant passenger traffic manager; Mr. George Stephens, of Winnipeg, assistant freight traffic manager; and Mr. H. A. Flow, of Vancouver, divisional freight agent.

Permanent Peace Prospects Grow Brighter in Europe; Allies and Berlin to Meet

Foreign Ministers Expected to Confer in October on Security Pact—Premier Baldwin Apprised of Decision to Invite Germany to Early Conference—New Lease of Life Foreseen for Continent

Allied Statesmen Become Confident Old Passions and Distrust Will Go

GENEVA, Sept. 8.—Optimism in Allied circles regarding the prospects for the reconstruction of Europe on the basis of permanent peace in agreement with Germany, received a new impetus today. An early meeting between the Foreign Ministers of the Allied Powers and of Germany, to discuss the security pact now seems virtually assured, and it probably will be held in some Swiss city early in October.

Premier Baldwin Notified
Dr. Stresemann, the German Foreign Minister, will attend. It seems definitely assumed by the Allied statesmen, and this afternoon Premier Painleve and Foreign Minister Briand of France and Foreign Secretary Chamberlain of England went by automobile to Aix-les-Bains, where they apprised Premier Baldwin of Great Britain of their decision to invite Dr. Stresemann to such a conference.

The suspension today of sessions of the assembly of the League of Nations to permit organization of that body's machinery made it possible for the three Allied leaders to make this journey.

No Open Conference Planned
At present the Allied leaders have no intention of convoking a great international conference similar to those of Washington, Genoa, The Hague and Lausanne, where all nations would have a chance to speak. Poland and Czechoslovakia undoubtedly will be disappointed by such a decision. Poland particularly because she deems that she is vitally concerned in the more difficult Rhineland pact, because she wishes to make it possible for France to cross Germany and come to her aid in case she is attacked.

This question of France's right to traverse German soil is admitted to be one of the points which will offer the most serious difficulties in the negotiations with Germany.

Diplomats Optimistic
Optimism, tempered by diplomatic reserve, dominated speeches made at an international press luncheon today by Mr. Chamberlain, Foreign Minister Vandervelde of Belgium, and M. Painleve, who declared that if the security negotiations with Germany are inaugurated hopefully, there would be a genuine chance of attaining a real European peace which would give Europe a new lease of life, free from the passions of the distrust engendered in the past.

Meanwhile the developments of today have given a definite direction to action in regard to the German peace protocol, at least in the minds of the Allied leaders. Their idea is that the protocol should be left absolutely untouched by the present assembly, with the idea that it should be jealously preserved as an ideal to work up to gradually, first of all by the elaboration of regional pacts of guarantee like the proposed one with Germany. Their belief is that the world should climb up to the protocol instead of making ill-considered efforts to wreck it by revision.

Hopes to See Germany in League
Mr. Chamberlain hopes for Germany's entrance into the League of Nations before the next session of the League Assembly in 1926, he told journalists at the luncheon. Appealing for the press to aid the League in their work of pacification and reconciliation, he added: "Europe needs to pass from the spirit of distrust, and we must bring back to the society of nations all those whom the events of the last few years have caused to stray away."

Spain Lands Troops On Moroccan Coast

Foothold Gained on Riffs Territory—Ships and Aircraft Cover Landing

MADRID, Sept. 8.—The long-heralded Spanish landing at Alhucemas, on the north Moroccan coast, was effected at noon today.

The Spaniards met with little resistance when they gained a footing at the gateway to Abd-el-Krim's territory, and the rebels' only remaining outlet to the Mediterranean Sea.

French and Spanish warships and aircraft covered the Alhucemas coast with a bombardment preliminary to the landing. General Primo de Rivera, the Spanish commander-in-chief, directed the operation from on board the battleship Alfonso XIII.

There was joy in Spain over the reports of a successful landing.

London Police Warned Communists Preparing Window-Smashing

LONDON, Sept. 8.—In connection with the Government's reported intention to take action against Communist agitators in Great Britain, Scotland Yard today sent circulars to all police stations in the metropolitan area warning them to be in readiness for a window-smashing campaign organized by the Communists.

The campaign, it was stated, would be aimed chiefly against the National Sailors' and Firemen's Union and similar organizations.

Don't Worry about Gray Hair

This Clean, Colorless Liquid Will Restore the Original Shade

Thousands of people have quickly banished grayness and have restored the original shade to their hair with the remarkable preparation known as Kolor-Bak. Physicians and scientists know that gray hair is hair that has ceased to receive its normal supply of coloring matter or pigment from certain tiny cells in the scalp because these cells have become inactive. No matter what the cause, it is amazing to see how the grayness disappears when Kolor-Bak is used. It is the best known substitute for the natural pigmentation. It also banishes dandruff and stops itching of the scalp and falling hair. If you are gray, Kolor-Bak is all you need to make your hair look "young" again. No need to furnish a sample of your hair—no

tests to make—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if Kolor-Bak is not satisfactory.

Marchant Debt Plan Defeated

Council Rejects Scheme for Transfer of Present Burdens to Next Generation

Alderman Marchant's scheme for the transference of some of the burdens of the present generation of taxpayers to the shoulders of the next, an outgrowth of the recently defeated Woodward plan, was rejected by the City Council last night.

Alderman Marchant proposed that the City Council should approach the Legislature for powers enabling it, among other things, to set aside a fixed sum of \$750,000 only each year in the budget for interest and sinking fund payments on capital charges. City Comptroller Macdonald reported adversely, in some respects, on the scheme, saying that he did not think the Legislature would grant the powers necessary under the ideas Alderman Marchant advanced.

After a long debate the Council rejected the plan by a vote of seven to four. Aldermen Woodward, Shanks, Marchant and Dewar supporting it unsuccessfully.

liquidation of liabilities, the cessation of needless expenditure by municipalities and their efforts during recent years towards the enforcement of economy.

More Population Needed
"The company realizes that its own investments and the existing taxation in Canada can only be satisfactorily justified and sustained by a larger population, and in this respect feel that it reflects the general sentiment of Canada."

"In these circumstances the directors have undertaken, in co-operation with important steamship companies having ramifications throughout Great Britain and Europe, the formation of a new company to deal with immigration. This company will be styled the 'Hudson's Bay Company Overseas Settlement, Ltd.' and the preliminary organization will be in operation early next year."

"The project has been placed before the Department of Immigration, which has expressed its approval and arrangements have been made with the Canadian Pacific Railway Company and Canadian National Railways for the closest co-operation."

Crop Better Than Average
Mr. Allan says that the three prairie provinces are harvesting better than an average crop, which will be marketed at profitable prices, and is confident that the increased purchasing power of the prairies resultant therefrom will, at an early date, be reflected not only in the cities of Western Canada, but in those of the two great central provinces and British Columbia.

Mr. Allan believes if a large immigration of practical farmers to the three prairie provinces from Great Britain, the United States and Europe can be secured during the next few years that the problems and difficulties which at present confront Canada will thereby be solved.

Mr. Allan is a director of the Canadian Bank of Commerce, the Great-West Life Assurance Company and many other corporations. He has visited Jasper and Prince Rupert on this tour and will visit in turn Vancouver, Edmonton, Calgary, Saskatoon and Regina in connection with his various business interests.

belief in the flag. He took opportunity to refer in some detail to the famous order-in-council of some months ago which authorized a committee to report and study on a distinctive flag for Canada. The committee, headed by Mr. King, had no authority to change the flag; it was merely authorized to study and report and as for himself, he was not at the meeting of the council and did not even know the order-in-council had been passed until he had read of it in the newspapers. The defence department had sent in a request for authority to study and, in response, the order was passed.

Proud of Flag
"Our Tory opponents," went on Mr. King, "did not hesitate to do that unpatriotic thing, traffic with the flag for purely political purposes. They tried to make it appear that the Mackenzie King Government was trying to devise a new Canadian flag when Mackenzie King did not even know an order-in-council had been passed. I saw what the Conservatives were doing. I informed the House of Commons that during the next few weeks they would be receding and that there would be no adoption of a new Canadian flag without a resolution from Parliament itself."

"I am proud to live under the Union Jack," the Premier proceeded. "It is my flag. For twenty years the Union Jack itself—not the ensign—has flown in front of my country home; and that is the position I hold."

Poll on Elevator Exemption to Be Taken Tomorrow

A VOTE of the ratepayers will be taken tomorrow at the Market Building on the proposed tax exemption for the Panama Pacific Grain Terminal, Limited, for the proposed elevator at the Ocean Docks.

Meighen's "blight of pessimism," exports had increased while imports had gone down.

Mr. Meighen had said there must be a protective tariff to keep out imports. Yet, although the present Government had not increased the tariff, imports had declined.

On the tariff, Mr. King held that the proposed advisory board would do much to find a middle course between protection on the one hand and free trade on the other. Agricultural and manufacturing interests would be able to confer to see if some policy could not be found which would be fair to both East and West.

"No tariff policy is entitled to be called national business unless it has the interests of the nation at heart," he said.

Mr. Gordon, speaking of immigration, declared he had the word of the Premier that an active immigration movement would be inaugurated which would bring in people of the right class.

Senator Padden, speaking as a member of the Upper House, thought some reform of the Senate would do good.

and that there are plenty of "locations" of a wide variety which would be of great advantage to the motion picture industry.

Double Role Brought Fame
Mr. William Farnum first took up acting on the stage, and later made a name for himself by portraying the double role of Sydney Carton and Marquis Evremonte in Charles Dickens' famous novel, "A Tale of Two Cities," which has not only been immortalized in print and on the legitimate stage by Edward Compton and Sir Martin Harvey, but by Mr. William Farnum on the silver screen. He has also taken the leads in "The Orphan" and "If I Were King," and many other well-known productions.

Mr. Farnum has been so delighted with his vacation here that last night, prior to his departure for Los Angeles, he announced his intention of returning again next summer, and probably "shoot" scenes on Vancouver Island.

Day Spent in Fishing
Yesterday, Mr. Farnum and Betty Hlyth fished all day, bringing in an eighteen-pound salmon and several grise. The entire party staying at Mill Bay comprises actors and actresses from Hollywood, among whom Betty Hlyth is a leading lady. Her portrayal of the young Potash and Perlmutter won for her admiration from her audiences all across the continent. Miss Hlyth is also noted for

MISS BETTY HLYTH

her portrayal of Cleopatra and as the leading lady in Chu Chin Chow.

Mr. Monte Blue is appearing shortly in a new production entitled "Limited Mail," which will be followed this fall by another one, many scenes of which will be taken on Vancouver Island. No title has been given to the play, yet, Mr. Blue stated to The Colonist last night, but it will prove to be a thrilling story depicting the life of lumberjacks and the Canadian Mounted Police.

electors are French-Canadian. Formerly these constituencies were given to the Liberals with scarcely any opposition, but in the present contest it is conceded the victory may go to anyone. Under the present conditions there is not a safe Liberal seat in Ontario east of Toronto.

Ministers Face Defeat
Cabinet representatives from Ontario find themselves in the same position as the Cabinet ministers in 1911.

Premier King, Hon. George F. Graham, Hon. Thos. Low, Hon. George Gordon, Hon. James Murdoch are all in danger of defeat. Hon. Charles Murphy has secured protection in the Senate.

From Prince Edward Island a wire was received today assuring Mr. Meighen he would carry the whole four constituencies in that province. There were four Liberal representatives in the last Parliament. The reports from Manitoba are of the most optimistic character. Mr. Meighen's announcement that he would contest Portage la Prairie has roused his supporters in Manitoba to the greatest enthusiasm.

Liberals Not in Running
The Liberal party in that province has almost ceased to exist and the fight is between the Conservatives and Progressives. It is believed Mr. Meighen will secure a majority of the Manitoba constituencies, the Pro-

Their Future

If your boy or girl could speak now with the wisdom of later years, they would ask above all else for education—for knowledge of a business or profession which would give them a fair chance in the keen competition for success.

You want your child to be equipped as others are; and perhaps you are working to that end.

Why Not Make Your Plans Secure?

Why not provide, as many parents are now doing, that, "no matter what happens," your boy or girl will have a fair start in life? Let us tell you how this is done through the new Canada Life

Educational Policy

This contract brings into existence a life insurance fund for educational expenses, to be held in trust at interest. This fund cannot be used or converted, except by you, but when your boy or girl is, say, eighteen years of age, it can be paid in any number of separate amounts required, six months apart, or in monthly cheques, to cover the vital years of training.

You have probably thought this matter over many times. Here is a chance to do something—tangible, immediate—yet quite easy. We will send a proposal giving more complete information. A request will place you under no obligation.

Many Victorians Enjoy Voyage to Seattle Monday

Ss. Princess Charlotte Carries 850 Excursionists on Annual G.W.V.A. Trip—Event Is Big Success

Entertainment Features

The most successful excursion ever conducted by the Victoria branch of the Great War Veterans' Association, took place on Labor Day to Seattle, when the Princess Charlotte carried 850 Victorians across to the United States city and back.

Victorians spent four hours in Seattle, engaging themselves in various diversions. Local veterans' heads were greeted and entertained by Mr. George Hubbard, field secretary of the American Legion, and other officials, as well as representatives of the Forty and Eighth, the highest branch of the Legion.

Officials of the Maple Leaf Post, American Legion, assured President Dave Stewart of the Victoria G.W.V.A. and other members of the local association that a large number of the Maple Leaf Post legionnaires and their ladies and a delegation from the Forty and Eighth will visit this city on September 19 and 20.

The winning numbers in the drawing for the tombola were as follows: 241, 191, 173, 105, 647, 828, 942, 378, 567, 234, 443, 287, 847, 725, 276, 930 and 829.

Obituary

FANE—The funeral of little Gerald Walter ("Dinky") Fane took place yesterday afternoon at 1:45, proceeding to Christ Church Cathedral, where service was conducted by Dean Quinlan. Many friends were present, and the little casket was covered with beautiful flowers. The following gentlemen acted as pallbearers: Messrs. T. Hobday, W. J. Monroe, J. Kershaw and R. H. White. The body was laid to rest at Ross Bay Cemetery.

RICHMOND—Service for the late Charles Allen Richmond will be held this afternoon at 2:30 at Haywards' B.C. Funeral Chapel. The Rev. R. Connell will officiate, and interment will be made in the family plot at Ross Bay Cemetery.

RENOUV—The funeral of the late Francis Roy Renouf will leave Haywards' B.C. Funeral Chapel this afternoon at 1:30, proceeding to St. Barnabas Church, where service has been arranged for 1:45. The Rev. N. E. Smith will conduct service, and the body will be laid to rest at Royal Oak Burial Park.

PEDDLE—Funeral service for the late Mr. William Peddle was held yesterday afternoon at 2:30 at Haywards' B.C. Funeral Chapel by the Rev. A. deB. O'Connell. There was a large attendance of friends, including Mr. Gibson, superintendent of traffic for the B.C.E.R., and many of the employees. The hymn sung was "Nearer, My God, to Thee." The following gentlemen acted as pallbearers: Messrs. R. C. Ward, A. Strath, P. Barr, A. McInnes, V. Lemney and D. J. Matheson. All representing the B.C.E.R. Interment was made in the family plot at Ross Bay Cemetery.

GRAY—A large number of friends attended the service held on Friday afternoon in McCall Bros' Funeral Chapel for the late Mrs. Eliza Gray, resident of the city for 40 years, and formerly of Harding, Man. Rev. Dr. Campbell and Rev. Daniel Walker conducted the service, during which a favorite hymn of the deceased was sung, "Safe in the Arms of Jesus." The body was forwarded Monday night to Harding, where interment will be made.

WILSON—The funeral of the late Archibald St. Clair Wilson, who passed away Saturday morning, will take place this (Wednesday) afternoon from St. John's Church, Quadra Street. Service will be conducted by the Rev. F. A. P. Chadwick, at three o'clock, after which the body will be laid to rest at Ross Bay Cemetery.

CULLISON—There passed away, Monday morning, Levan Cullison, aged seventy-four years, of 510 Admirals' Road, Esquimalt. He was born in the United States, but had resided in Victoria for the last thirty-five years, twenty-seven of which he was in the employ of the Marine Department in the capacity of foreman erector of lighthouse apparatus, and from which position he was retired three years ago. He is mourned by his widow and one son, Judson, of Mayne Island, and two daughters, Mrs. McDonald, of Crofton, B.C., and Mrs. Dobb, of Duncan. The funeral will take place Thursday afternoon from McCall Bros' Funeral Home, corner Johnson and Vancouver Streets. The Rev. Henry Knox will conduct the service at 2:30, after which the body will be laid to rest at Royal Oak Burial Park.

Opening of House Is Delayed Until Election Is Over

THE British Columbia Legislature will open its 1925 session November 2, instead of October 26, according to an announcement made at the Parliament Buildings yesterday.

The change was made by the Cabinet in order to avoid conflict with the Dominion general election, which will be held October 29.

The action of the Cabinet will make it possible for Cabinet Ministers and members generally to take part in the Federal campaigns in their respective ridings, and will also allow the Provincial Legislature to carry on its business without the inevitable interruption a Federal election would cause.

Oak Bay Tax

Sale Surpasses Results Last Year

While only eight lots out of ninety-eight pieces of property that were put up for sale by Oak Bay municipality last year were sold, the first day of the 1925 sale yesterday found seventeen lots out of ninety-two disposed of. The sale will be resumed this morning at the Oak Bay Municipal Hall at 10 o'clock and, if deemed advisable, tomorrow morning will also be utilized in connection with the sale of the lands.

Seventeen lots were sold for \$1,446.37 yesterday morning by Mr. Blandy. There was a big attendance of interested people. Out of the ninety-two lots to be sold, seventy-one reverted to the corporation for tax arrears of \$7,006, while four were not put up for sale. No less than fifty lots were protected from sale by the payment of taxes during the last three business days.

Former Chief Of Police Dies

Mr. John M. Langley Was for Twenty-Two Years Head of Victoria City Police

The death took place yesterday morning of Mr. John Mount Langley, former chief of police of Victoria, after a brief illness, following an operation two months ago. He passed away at his residence, 1133 Monterey Avenue.

Mr. Langley was the son of Mr. James Langley, of Lichfield, England, one of the pioneer residents of this city, and was born in San Francisco in June, 1865.

After securing his education in the Collegiate School he was associated for many years with the provincial police. Here his training with cases concerned with major crimes, and particularly smuggling to the United States, gave him that knowledge which he used to advantage on many occasions later as chief of the Victoria police, an office he received in 1899 in succession to Mr. H. F. Sheppard.

During the sixteen years he was associated with the provincial police he was for six years a constable and deputy sheriff, and during the ensuing ten years was sergeant, an office he held at the time of his transfer to the city police.

Mr. Langley came to the Victoria department at the time when the force numbered twenty men and his early association as chief secured the reorganization of the force and increase of its efficiency. During the twenty-two years he held office he took every step to improve the force and a marked decrease in crime followed. In December, 1920, he received leave of absence for a prolonged tour, which took him to many countries. He resigned office in April, 1921, receiving as a tribute of esteem a handsome presentation from his colleagues in the department.

The ex-chief had lived in retirement since that time. In 1917 his first wife, who was Miss Frances Allard, passed away, and in the following year he married Mrs. (Dr.) J. C. Davis, formerly Miss Louise Shrapnel, who survives.

Mr. Stanley P. Langley, of San Francisco, is the only son of the first marriage. There are also two brothers, one in California and the other in Vancouver.

The funeral will be held tomorrow afternoon from St. John's Church to Royal Oak Burial Park, the Rev. P. A. P. Chadwick officiating. The service is timed for two o'clock.

Immigration Officers Accused of Assisting Border Rum Smugglers

SEATTLE, Sept. 8.—The resignation of Border Patrol Inspector Allen, of the Federal Immigration force, was announced here tonight by John Zurbick, assistant immigration commissioner, following an investigation into reported activities of rum-runners and hucksters near Hialeah.

Immigration officers have been aiding rum-runners in smuggling liquor across the Canadian border, William Kartmark, deputy customs collector at Hialeah, has declared. He is expected here tomorrow to lay evidence before United States Attorney T. B. Revell and Customs Collector M. T. Harrison.

THE FABLE OF THE POOR HOUSEWIFE AND THE GOOD FAIRY COCA-COLA

Once upon a time there was a Poor Housewife, who lived from week to week in dread of an Ogre called Saturday-Cleaning-In-The-Summer-Time.

Now, no matter what expedient the Poor Housewife would try, to keep cool, this terrible Ogre would in a few hours make her so hot and limp that one day she refused to do another tap.

"What!", roared Saturday-Cleaning-In-The-Summer-Time, "Not clean out your refrigerator? Not another word, or I'll summon my brother What-Will-The-Neighbours-Say."

At this terrible threat, the Poor Housewife sank on her knees, and pulled open the door. There, cool and alluring as shade to a sun parched traveller, lay a bottle!

"Why!", cried the astonished Housewife, "This is the first time that untidy Giant Bunch-Of-Fellows-In-To-Play-Poker ever left a full one!"

With great haste the Poor Housewife opened the bottle.

POP!—Out danced the loveliest fairy, her skirts billowing and luffing and swaying like sea-foam.

"I'm Fairy Coca-Cola," she sang, and her voice tinkled like ice against a glass, and her smile sparkled like snow in the sun, "Give me a permanent home in your refrigerator and I'll always keep you cool in spite of that terrible Ogre Saturday-Cleaning-In-The-Summer-Time."

(My age of 109 years on May 3rd, 1925, is certified by the parish record.)

"When do I enjoy Coca-Cola most? After a busy day in my garden, or then the toll of 109 years begins to tell. Centenary refreshment is provided by this drink that is well known even in this little hamlet whose inhabitants are largely my descendants and relatives."

"When one looks forward to his 110th birthday, he must be careful what he eats and drinks, and Coca-Cola refreshes the body of the old voyageur, river man and pioneer farmer. So today, at 109 years of age, is when I enjoy Coca-Cola most."

Men's Guild to Meet—The first meeting of the Winter session of the Men's Guild of Christ Church Cathedral will take the form of a supper gathering in the Memorial Hall at 8:45, Thursday evening. After supper a business session relating mainly to the guild's part in the forthcoming World Service Exhibition and a short debate will be the main interests.

"Is that CORN COMING BACK AGAIN?"

If you merely cut the top OFF it certainly will. The business end is the root. You must get it OUT.

Cutting the top of a corn off with a razor or burning it off with caustic lotion, etc., doesn't do any good. It may do great harm by causing infection or even blood poisoning. Also it hurts and the root just grows right up again, so your corn comes back a brand new top on it bigger and more painful than ever. The top is easily dead this anyway. Get at the little pointed part or core that extends down into the toe. That is what hurts when it presses on sensitive nerves, and it is the part you have to get out. A good handful of Reudel Bath Saltrate dissolved in a gallon or so of hot water will soften the corn and callous, like water softens soap. Just soak them in this for a while, then take hold of the corn with your fingers, and out it will come root and all. The refined Reudel Bath Saltrate costs very little, and any druggist will have it. A half-pound or so is sufficient to rid the whole family of all foot troubles. Obtainable at most drug stores for 50c, or direct from the distributors Macnamara Limited, New Buxa Building, Montreal.

Ward Seven Liberals—A meeting of Ward Seven Saanich Liberal Association will be held Thursday evening at 8 o'clock, at 2314 Heath Drive.

Y. W. C. A. Board Meeting—Members of the board of directors of the Y. W. C. A. are requested to attend the September meeting to be held at headquarters, Friday, at 2:30 p.m.

City to Advise—The City Council last night authorized the insertion in newspapers of advertisements giving notice of intention to ask the legislature to pass the proposed "Esquimalt Waterworks Company Winding Up Act, 1923."

Drug Charge Laid—In police court yesterday morning Joe Ping was charged with having opium in his possession contrary to law. A remand was asked for by Mr. J. S. Brandon, appearing for Mr. W. S. McCreedy, who was unable to be present in court. The remand was granted.

Invitation Declined—Oak Bay municipality informed the City Council last night it was not prepared to participate in the appointment of a committee to consider the Greater Victoria scheme. Oak Bay would, however, consider any concrete scheme for amalgamation on its merits, the Council was told.

Pensioners Appeal Board Here—The traveling Federal Appeal Board inquiring into soldiers' pensions, comprised of Colonel C. W. Jelton, chairman; Dr. Howie and Captain Meath, arrived in Victoria yesterday on one of its periodical visits, and opened a ten days' session here. There are from twenty to thirty cases down for hearing.

Trial Over Mortgage—A complicated action, that of Dunham & Gray (in liquidation) vs. Silver Spring Brewery, is being tried before Mr. Justice Gregory in the Supreme Court. It was before His Lordship all day yesterday, and will continue today. The case has to do with a mortgage entered into some years ago covering the Royal Oak Hotel. The plaintiff company, which went into liquidation in 1917, holds there is due a considerable sum on this mortgage, in which it claims to have been interested. Mr. P. G. Elliott appears for the plaintiff, and Mr. H. H. Robertson, K.C., and Mr. E. V. Finland for the defendant.

Arbitration Appeal—In Supreme Court chambers yesterday an appeal was made to Mr. Justice Gregory against the finding of Mr. John M. Ridd, of Nanaimo, as arbitrator in connection with a dispute that had been put into Miles Lake. The contention of Mr. A. D. Macfarlane, who made the application, was that the arbitrator had exceeded his authority in making an award to Mr. Frank Bayan in excess of that asked for in the application. Mr. H. B. Robertson, K.C., and Mr. Sydney Child opposed the motion. His Lordship adjourned the hearing awaiting the filing of further affidavits in the matter.

Liberal Convention—September 22 or 23 will be chosen by the Victoria Liberal Association for holding its convention. It was stated by members of the organization yesterday it is expected that the question of placing a candidate in the field to contest the Federal riding of Victoria with Hon. Dr. B. F. Tolmie, sitting Conservative member, will cause considerable contention, as there is a strong feeling in the Liberal camp that Dr. Tolmie should be returned unopposed. If, however, the convention decides to make a contest, three names will probably be placed before the meeting. Mr. William Leck, defeated Liberal candidate in the general election of 1921; Mr. Henry Hall, K.C., defeated Liberal provincial candidate, and Mr. B. C. Nicholson, a newcomer in the political arena.

Argonauts See Famous Beach

Divide Into Two Parties to Journey From Clayoquot to Ucluelet

(By Staff Representative)
PORT ALBERNI, Sept. 8, 11 p.m.—The west coast road development is so large a project that Mr. C. P. W. Schwenger, president of the Victoria Chamber of Commerce, is unwilling to make a pronouncement thereon until the chamber has deliberated thereon further, he said today.

Reduction plants, mines, lumber camps, whaling stations and other industries have been explained to the tourists of the Victoria Chamber of Commerce, every facility being afforded by Captain Gillam and the officers of the Princess Maquina.

During today the tourists were introduced to fresh strawberries in the garden of Mr. H. J. Hillier, Tofino, and to surf bathing near Clayoquot. Two parties visited the famous Long Beach, one by car which they joined after a tramp through the woods, the other by water by way of a steam launch, Mr. E. C. Warren, a Florida resident who has recently come to Victoria to reside, who knows all the chief beaches of the continent, praised Long Beach as one of the best.

The sea has been remarkably smooth, and weather excellent, only one short spell of fog being encountered. The vessel will arrive in Victoria late Wednesday afternoon.

COM. JAMES GILLES, C.B.E.
Of the Empress of Scotland, who has been appointed general manager of the C.P.S. Ltd., to succeed the late Sir Thomas Flaher, K.B.E. The new general manager has been at sea since 1895, since when he has risen by successive stages to the command of the Empress of Scotland. The appointment is effective from September 10.

Cowboy to Become Earl of Portsmouth

Younger Brother Ranching in American West to Succeed Dead British Peer

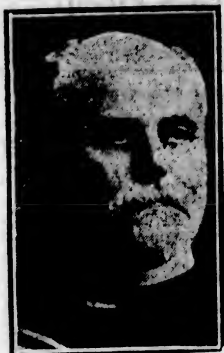

LONDON, Sept. 8.—The Earl of Portsmouth died in London last night. (John Pellowe Wallop, seventh Earl of Portsmouth, was born December 27, 1859. He was educated at Eton and Cambridge and at one time served as private secretary to the Governor of Tasmania.)

The Honorable Oliver Henry Wallop, a resident of Wyoming, is heir to the title of Earl of Portsmouth. He is a younger brother of the late Earl, who was not married, and third son of the fifth earl.

SHERIDAN, Wyo., Sept. 8.—A Wyoming cowboy and ranchman succeeded to an earldom today when Oliver Henry Wallop, of near Sheridan, received word of the death of his elder brother, the Earl of Portsmouth, in London last night. Half an hour after he received word of his brother's death he said that he would assume the title.

The Honorable Oliver Henry Wallop lives on his ranch, Big Horn, Sheridan County, Wyoming. He first went to Wyoming about 1890 and for a time worked as a cowboy. Later he acquired a ranch of his own on Little Goose Creek, Sheridan County. He was married in 1897 to Miss Marguerite Walker, of Frankfort, Kentucky.

The new Earl of Portsmouth declared that he probably would return to England soon, but that as yet no plans were made. He denied that he had abandoned his place in the peerage in favor of American citizenship. The Big Horn ranch is located only a few miles from Sheridan and is three thousand acres in extent.

Senate Vacancies Still to Be Filled

Party Divides Over Ontario Choice—Hon. Walter Foster May Get Opening

OTTAWA, Sept. 8.—The Citizen today says: "The senatorial vacancies yet remaining after the batch announced on Saturday will be filled very shortly."

"A strong move is being made by his friends to have Dr. John P. Molloy, former M.P. for Provencer, appointed to the Manitoba vacancy created by the death of Senator Bradbury."

"Delay in the appointment of the remaining senatorship in Ontario is understood to be due to differences of opinion whether it should go to Dr. Rankin or W. M. Gorman, both members in the former Parliament. The Ontario Minister, it is said, is not unanimous as to this selection."

"The New Brunswick vacancy is left open. Hon. Walter Foster aspires to it more than the others. When these appointments are made the parties in the Senate will be: Conservatives, 52; Liberals, 43; Progressives, 1."

Conservative Refuses To Accompany Red M.P. To American Meeting

LONDON, Sept. 8.—Colonel H. P. Woodcock, Conservative member of Parliament, in a letter to the newspapers, announced that he will not go to Washington and Ottawa as a British delegate to the inter-parliamentary conference if S. Saklatvala, a Communist member of Parliament, who is also a delegate, intends to make the trip. Colonel Woodcock explains that he cannot associate himself with Mr. Saklatvala, "whose utterances are disloyal to Great Britain."

Bottle Message Tells Of Yacht in Distress

SAN PEDRO, Cal., Sept. 8.—A message stating the motor yacht Helene was out of gasoline and helpless northwest of San Clemente Island was picked up in a bottle at Newport Beach and turned over to customs officials here today. All the Helene and Helene of this port were found to be at anchor or otherwise accounted for, but the theory was advanced that the power cruiser Helene of Seattle might be meant. The message was dated August 30.

Survey Mussel Resources To Help Button Industry

The United States Bureau of Fisheries will make a survey of the mussel resources of the upper Mississippi River during the months of August and September to determine the effect of the conservation laws of that country upon the mussel industry. Adequate conservation is required for the pearl button industry.

Earlier wasteful methods of lumbering in Wisconsin and Minnesota which resulted in extensive erosion of the soil, caused the rivers of those states to discharge enormous quantities of sand into the upper Mississippi River. In order that the channel be kept open for navigation Government engineers constructed, along the river, which was designed to catch the sand and build up the shore between the dams. By this means the channel was narrowed and the swifter current produced insured the unimpeded navigation of the river in the past between the dams.

Unfortunately the sand caught between the dams, already seriously depleted by improper fishing methods, these bivalves are the principal source of pearl buttons in the United States, and the value of the industry is well over \$1,000,000.

To conserve these natural resources, the States of Wisconsin and Minnesota, passed protective laws in 1920 providing that certain sections of the river be open or closed to mussel fisheries for the next five years, during which period the eff-

iciency of the protective laws could be tested. The United States Bureau of Fisheries was requested to secure the basic scientific data bearing on this point, and at its request Professor S. M. Grier, of Dartmouth College, made a survey and appraisal of the mussel resources of the regions involved in 1920.

Mr. Drury May Enter Dominion Politics

TORONTO, Sept. 8.—Recording their confidence in E. C. Drury, former Premier of Ontario, a convention of Progressive members of the Ontario Legislature, held at the last provincial election, by resolution this afternoon invited him to again undertake the leadership of the Ontario Progressive party.

Mr. Drury expressed his appreciation and requested that he be given three weeks or a month to decide whether he will lead the Ontario Progressives or go into the Dominion field.

Small Boat Burns and Sinks

Rome Starts Museum of Trophies From Battlefields

It seems strange that Rome, with all her war-like history, has never had a museum like the Invalides in Paris, or the Tower of London, the Arsenal at Berlin, that told in battle flags and battle weapons of the numerous wars in which old Rome and Italy have engaged down the years.

But now the start has been made and the most picturesque reminder of stirring days in Rome has been selected as the place where these numerous trophies are to be assembled and placed on exhibition. This place, standing since 140 A.D., is the Castel Sant' Angelo or Hadrian's Mausoleum, that graceful round fortress that towers above the yellow Tiber hard by the huge Cathedral of Saint Peter's and almost abreast of the comparatively new white marble Palace of Justice.

In a lofty and spacious chamber of this old Papal fort have already been assembled nearly two hundred tattered flags that have been through many a bloody fight. Infantry regiments are represented by 135 flags, the cavalry by nineteen. There are nine banners of Bersaglieri regiments and fifteen of the famous hard-fighting Arditi. Every flag in the collection has had authentic battle service and most of them show their wounds in holes and tatters.

Nearly all of the emblems so far collected are those used within the last century—carried by troops in wars which preceded Italy's unifica-

tion under Victor Emmanuel II. These banners must seem very new to the brooding walls of the Castel Sant' Angelo, which has watched the banners of contending armies flaut before it for over fifteen hundred years—seeing even its own statues buried by Romans against Goths.

Fashions and Foibles

By Shirley Sharon

From the front it's evidently a blouse ensemble, from the back undoubtedly a one-piece frock. So much for the use of a belt at the front.

It's a case of collars. Long ones in a deep narrow V on your neck that make you suddenly triph-like. Little round ones, collars that roll back shirt-like and turn into a tab closing, collars that come up on the back of the neck but leave the throat free, and tie and tab-and-collars. This dress has the little-boy round collar that hugs the neck. The dress is belted only at the front to simulate the new two-piece style. It is a smart type for plain or striped materials such as silk broadcloth, heavy crepe de Chine, etc.

Returned from Seattle

Mrs. W. Dyle and Mrs. E. Waller have returned from Seattle, where they attended the funeral of their niece, Miss May Scott, formerly of this city.

Your Birthday

September 9.—You are inclined to be too hasty in your judgment; you should think well before you undertake anything new. You are loving, kind, and sympathetic, and your home life should be happy if you do not give into jealousy.

Your birthstone is the sapphire, which means deep love. Your flower is the morning glory. Your lucky color is brown.

Miss Borradaile Becomes Bride

Is Married to Mr. C. Forbes
Roberts—Church of St. Paul's Tastefully Decorated

A pretty wedding was celebrated at St. Paul's Church, Ganges, on Saturday, September 6, at 2:30 p.m., when the Rev. A. W. Collins, of Salt Spring Island, united in marriage Phyllis Borradaile, daughter of Mr. and Mrs. George Borradaile, of Ganges, and Mr. Charles Forbes Roberts, youngest son of Mr. and Mrs. C. J. Roberts, of Southall, Middlesex, England.

The church was most artistically decorated by the young friends of the bride, the flowers used were asters, lilies, gladioli, and roses. The two hymns chosen for the wedding service were "The Voice That Breathed Eden" and "Perfect Love." During the singing of the former, the bride, who looked exceptionally pretty, entered on the arm of her father. She wore a simple gown of white georgette, the skirt draperies of which were caught up by clusters of silver and pearl beads. The bride veil was of embroidered net surrounded by a wreath of orange blossoms. She carried a sheaf of madonna lilies, Snow Queen roses, white chrysanthemums, white campanula, gypsophila and asparagus fern, tied with white tulle. The bride was attended by three bridesmaids, Miss Gladys Borradaile, sister; Miss D. Crofton and Miss Dorcas Crofton, cousins. The chief bridesmaid, Miss D. Crofton, was in a dress of peach crepe de Chine with a wreath of silver lilies, her only ornament a bar brooch with single pearl. The gift of the bridesmaid, she carried a sheaf of single dahlia, gladioli and roses to match the dress. The other bridesmaids were in powder blue crepe de Chine, wreaths of silver leaves. They wore owl brooches, the gift of the bridegroom, and carried bouquets of pale pink sweet peas, pink stocks, white asters, gypsophila and asparagus fern. The bride's mother, Mrs. Geo. Borradaile, wore a gown of heavy embroidered tulle, crepe de Chine and black satin with black satin hat and Chantilly lace fastened by large crescent brooch, and carried a bouquet of single mauve asters, mauve sweet peas, pale pink stocks, gypsophila and asparagus fern.

The reception, which was attended by about 100 guests, followed the ceremony, which took place at Harbour House, kindly lent to the bride and bridegroom by Mr. and Mrs. Fred Crofton. Here the young couple received the congratulations of their numerous friends. The reception rooms had a different scheme of floral decoration, one room entirely decorated with sweet peas, another with madonna lilies, white mauve and pink asters. In the hall were masses of gladioli and flame colored dahlias. The table was beautifully decorated in white, mauve, gypsophila and maiden hair fern. The toast to the health of the bride and bridegroom was proposed by Mr. W. E. Scott, an old friend of the family, and suitably responded to by the bridegroom. Later in the afternoon the happy couple left by launch for Victoria, en route to Vancouver, where the honeymoon will be spent. The bride's going-away costume was of nigger brown crepe de Chine and velvet with hat to match of nigger brown trimmed crepe de Chine with large tortoise shell buckle. Her travelling coat was of russet green, lined with blue crepe de Chine and trimmed with leopard skin. Amongst the guests present were Mr. and Mrs. Sutherland, Mrs. Price, Mr. and Mrs. W. E. Scott, Mr. and Mrs. F. L. Scott, Mrs. Shallice, Mr. and Mrs. W. Scott, Mr. Ritchie, Major and Mrs. Turner, Mr. and Mrs. Ernest Crofton, Mrs. K. G. Hall, Capt. and Mrs. Mitchell, Mrs. Percy Beech, Mr. and Mrs. T. F. Speed, Capt. and Mrs. V. C. Beat, Mr. and Mrs. Frank Crofton, Miss N. Robertson, Mr. and Mrs. D. Halley, Mrs. Harvey, Mrs. Elliot, Mr. and Mrs. Len Cropper, Mrs. Cecil Ley, Mrs. D. S. Harris, Mr. and Mrs. N. W. Wilson, Mrs. M. Watson, Mrs. D. Macdonald, Mrs. Douglas Layton, Mr. H. Green, Miss Harris, Miss Reid, Miss Alken, Miss Doris Taylor, Miss G. Forbes, Miss K. Halley, Miss K. Allen, Miss Frampton, Miss Readwell, Miss Clair Wilson, Mr. Jack Borradaile, Mr. Teddy Borradaile, Mr. E. Springford, Mr. Harold Price, Mr. R. G. King, Miss Lois Wilson and others.

Weddings

Denoni-Hill

On Saturday evening a quiet wedding took place at the minister's residence, "Breadalbane," when, in the presence of an assembly of friends of the principals, the Rev. J. Campbell, D.D., celebrated the marriage of Mr. Giuseppe Denoni and Mrs. Kate Hill, both of Victoria. The bride, who was given in marriage by her father, was handsome in a gown of grey tulle with picture hat, and carried a bouquet of white roses, and was attended as bridesmaid by her sister, Miss Louis Denoni. After a honeymoon trip to the Island Mr. and Mrs. Denoni will make their home in Victoria.

Hart and McQuade Are Left in the Running For City's Golf Title

Rising Young Golf Stars of City All Eliminated in Later Rounds of Championship Match Play—Finalists Play Sterling Golf to Win Their Matches—Many Close Finishes in All Flights

"Jock" Findlay Wins Long Driving Against Much Stiff Opposition

The City golf championship, which has now reached the final round after three days' play this week-end at the Colwood Golf and Country Club, has been one of the most interesting played for many years. John Hart and E. C. McQuade are the finalists and are due to fight it out for the title next Sunday at thirty-six holes.

With a very representative entry from all the local clubs, upsets from established form were frequent after the qualifying rounds had been disposed of, and at first it looked as though the rising young stars of Victoria's golfing firmament were going to outshine the veterans and near-veterans of yesterday and today, especially with such players as Frank Thomas and Victor Price eliminated in early rounds. It was young Dick Moore, the sixteen-year-old player from Oak Bay, who was favored by many to win the championship, who eliminated Price in the second round, while Thomas succumbed to a golfer of mature years and experience in the person of "Jock" Hart. Hart is playing very fine golf just now, but it is certainly a tough battle that Thomas had to take to lose by 4 and 3, when each player did the full course in the same medal score of 76.

Well Divided

The third round saw one player from each of the three local clubs, Victoria, Colwood and Uplands, left in the running, and "one from Vancouver," although Victor has more claim on John Hart as a golfer than the city which is now his headquarters. Christopher, the young player from Macaulay Point, who is rapidly forging to the front rank, was eliminated in the third round by McQuade after he had disposed of Thornton Fell in the morning.

When the semi-finals were concluded, however, matters took a different complexion again. All the brilliant youngsters had been eliminated. McQuade's steadiness had proved too much for young Moore, who had a fine-dong light and lost his chance for a win by two and one at the seventh hole, when after trimming a top twig from a tree with his drive and putting his second in the trap guarding the green, he holed his nibble shot for a four, which was only good enough to halve the hole.

A hooked drive to the woods with a full iron recovery to the timber on the other side of the eighteenth hole left the half which would have given him the match, and an overplayed second on the nineteenth gave him a five, while McQuade, after slicing his drive and being a trifle short with his second, laid his approach near enough to go down in one putt.

Meanwhile Hart had been showing fine play all through, with some of the best golf of the tournament, taking only two fours for the necessary distance to finish the match.

Some excellent golf has also been played in the flights, and many close matches decided.

R. J. Darcus, Thornton Fell and H. P. Johnson were the winners of the daily putting competitions.

Three Real Drives

The long driving competition was won by "Jock" Findlay with an average of three drives of 238 yards. R. B. Wilson hitting the longest single ball (which stayed on the fairway), 252 yards.

The entries were unlimited for this competition, and many had a number of tries, but few proved able to keep three successive drives in the hole, even of those stars who had been driving long, straight and far all through their match play.

The winner of several attempts before he achieved his winning results, but he fully deserved his success, as his total average of straight

Free-for-All Ends Lacrosse On Labor Day

Spectators and Players Mix Freely Near End of Senior Game—Richmond Wins Both Fixtures

One of the old-time endings, featured the senior lacrosse game held at the Royal Athletic Park on Labor Day, between the Victoria Capitals and the Richmond seniors. After nearly four quarters of good lacrosse in which the visiting squad was in the lead by a score of 8 to 2, Albie McGregor and McKimley were penalized for holding. On the day off the field the Richmond player roused McGregor by calling him some names which apparently he did not like, and the fight started. When the smoke cleared McGregor dropped his stick and went at McKimley like a ton of bricks. Three other Richmond players were nearby, immediately they joined in and all four piled onto McGregor with intentions that were by no means gentle. "Cotton" Brynjolfsson, himself, was in the rescue of the local player, and in the space of a few seconds sticks, gloves, flaps and everything else were flying. Spectators, not wishing to be left out of the fray, joined in the merry throng, and for the space of ten minutes a real honest-to-goodness free-for-all ensued. When the smoke and dust of battle had cleared, however, only one casualty was counted, this being one of the Richmond players, who sustained a slight cut on the head. Thus ended the feature lacrosse game, which was witnessed by one of the biggest crowds for a number of years.

Play Was Even

Although the score would indicate that both the senior and intermediate games that the Richmond players had much their own way with them from the case. In the opening game between the Sons of Canada and the Richmond intermediates, which went to the latter by a score of 9 to 1, both teams had plenty of the play. The locals were greatly outwitted

by the visiting squad, and after the first period, were forced into a defensive game against the heavier opponents.

In the first period of the senior game the play was fast and even. Freeman opened the scoring when he took a pass in the goal mouth and slipped the rubber into the net. Two more goals were added in the second period, while McGregor added one to the Victoria score. McGregor made the score 4 to 2 at the end of the third quarter. Opened, but the Richmond home came back strong and netted three to bring their total to seven. Two more were scored in the last quarter before the game was called.

Finals Played for Trench Tennis Cups

Norman Corfield Wins Men's Singles—Miss Geoghegan Wins Ladies' Event

COWICHAN, Sept. 8.—The play for the Trench tennis cups, open to residents in the electoral district, which was commenced on Wednesday, was finished Saturday afternoon. The result of the finals was a win for Norman Corfield, who defeated his brother, Reggie Corfield, in the men's singles.

Miss Geoghegan defeated Miss Kate Robertson in the ladies' single. The cups were presented by Mrs. Jervais Waddy.

Mainland Cricketers Score Double Victory Over Island "Rep" Teams

The Mainland cricketers scored a double victory over Island "rep" teams on Monday. Playing here on the University School ground, the Vancouver "rep" team defeated the Victoria "rep" by ten wickets, while at Vancouver the Mainland Wednesday League team defeated the Victoria Wednesday League team almost as decisively. In both matches here, Vancouver was again the hero of the local side, making a nice score of 60 in the second innings, and Rivers was again the local wicketkeeper, suffering an unfortunate accident, having his nose broken by a rising ball.

In addition to being the best bowler of either side, Rivers also proved best batsman for the visitors, making 59. Wood doing next best with 48. The full score follows:

South Cowichan Tennis Club Elects Officers

The annual general meeting of the South Cowichan Lawn Tennis Club was held at the club on Saturday, September 5, the president, Mr. L. W. Huntington being in the chair. There was a large attendance of members. The minutes of the previous annual meeting were read and adopted. The secretary-treasurer submitted the accounts and balance sheet for the past year, which were adopted without discussion. The meeting then proceeded to elect officers.

Mr. Huntington was re-elected president; Mr. Pritchard, vice-president, and the following members were elected to constitute the committee: Colonel Colquhoun, Colonel Jackson, Mr. Hassell, Mr. Crawford and Mr. Trench. The tea committee will consist of the three following ladies: Mrs. Hassell, Mrs. Brook and Mrs. Mackie.

Juniors Organize for Coming Football Season

At the meeting of the Junior Football Association held at the Veterans of France last night the following clubs were represented: Esquimalt, Oaklands, Saanich, Tinsley, and it was stated that The Colonist were likely to enter. It was decided to call for entries on Tuesday, September 15, and to open on September 18. The next meeting will be held at the Veterans of France next Tuesday at 7:30 p.m.

Bicycle Riders To Race Again For Moody Cup

Confusion in Timing Handicap Race Leads to Doubt as to Winner—Staples and Davies to Ride Again

Through confusion in the timing of the fifteen-mile bicycle race held around the Reason Hill oval on Labor Day, another race will be necessary between Jim Davies, of Vancouver, and Charlie Staples, of this city, to decide the question as to the holder of the Moody Cup for the coming year. The confusion occurred through the fact that a handicap race was held at the same time as the Moody Cup contest, which was a scratch race. The competing riders were dispatched from the starting line according to their handicaps. Davies was the scratch man while Staples was given a thirty-second lead. At the fifteen-mile time around Staples flashed across the wire about thirty yards in front of the Vancouver man and it was thought that he was the winner of the trophy but the timekeepers became confused when they started to check the times and, as a result, it was found impossible to announce the winners.

At a meeting of the B. C. Cycle Club held following the race it was decided to have Davies and Staples race again over the fifteen-mile course at the Hill and the winner to take the trophy. No handicaps will be given at the next race. The date will be announced later.

Davies' time from the race was thirty-six minutes and fifty-one seconds, which beat the time set by Dr. Glendon Moody in 1884 on solid tyres by an even ten minutes.

Hasil Peden, of Victoria, won the handicap event. Davies, of Vancouver, was second, while Jack McPherson, of Victoria, was third. B. Wood and B. Mulhern, both of the Mainland, were fourth and fifth respectively.

Four Canadian Championships Annexed After Hard Contests With Victorians

VANCOUVER, Sept. 8.—Four Canadian championships, feature of a most attractive programme of the Vancouver Swimming Club's annual Labor Day gala at English Bay Monday afternoon, were captured by Vancouver swimmers after some intensely exciting competition with Victoria's best.

Johnny Bayley, speediest of the local watermen, took the 220 yards free style after a most gruelling race. Chuck Hill showed the class in the 220 yards breast stroke. Johnny Cameron won all the way in the 500 yards open water and demonstrated that he is in a class by himself among British Columbia's swimmers in long distance events. He beat B. Buller by nearly 100 yards.

The big surprise of the day was the clean-cut victory of Retta Tingley, seventeen-year-old girl of the Vancouver club, over Audrey Griffin, of Victoria, in the 200 yards free style women's event. The two raced neck and neck until the last turn, when the local girl sprinted and just had the speed to win one of the most exciting races of the afternoon. Miss Tingley demonstrated that her victory was no fluke by repeating in the 100 yards shortly afterwards, when she came from behind to win on the last lap by a touch after another spirited contest with the Victoria star.

Tommy Wellburn, of Victoria, gave Johnny Bayley a great battle in the gruelling 220 yards, racing neck and neck with him for about seven laps, but fell back under the terrific pace and could not do any better than fourth, when Johnny Cameron came from behind to take second with a sensational burst of speed. Bayley also captured the fifty yards free style, giving his best demonstration in the first heat, when he was left at the post and then won. He also annexed the 100 yards free style with Wellburn just a few feet behind.

Sir,—In commenting on Hobbs' latest score of 266 runs in single innings, your London correspondent

makes an error in saying that W. G. Grace's 244, in 1874, is the record.

A. C. McLaren's (captain of Lancashire in the '90's) record still stands for first class cricket, viz. 424, made in 1895.

Lightnin' Featured On Capitol Screen

Jay Hunt and All-Star Cast
Score Heavily at Local
Movie House

"Lightnin'" with Jay Hunt and an all-star cast opened at the Capitol Theatre last night for a week's run. It marked a red letter day in the calendar of that house, for the comments heard by patrons as they left indicated that it scored heavily with every one.

Jay Hunt, in the same role that Frank Bacon made memorable on the stage, is certain to achieve as great a success on the screen. If his work in this picture is a criterion. He is witty and sprightly by turn; he is pathetic and humorous, and he never loses sight of the fact that the character of Lightnin' Bill Jones is one essentially to be lived, not acted.

Edythe Chapman makes a most delightful foil for Jay Hunt's work; she is "Mother" Jones, the patient and loving wife of the irresponsible old hotel owner. And her devotion to Bill serves as the deeply human note in the story, even though she is driven to the point of seeking a divorce because she imagines Bill trying to prevent her from selling the hotel so she may have a life of ease.

Plenty of Humor

There is plenty of humor in the story of "Lightnin'", and this portion of the entertainment is most adroitly handled by J. Farrell MacDonald as Judge Lemuel Townsend, Otis Harlan as Zeb, the village idiot; Ethel Clayton as Margaret Davis, the flashily-dressed divorcee for whom Judge Lemuel "falls"; and, of course, Jay Hunt himself adds to the lighter moments by his quiet humor and kindly manner.

Madge Bellamy as Millie, the daughter of "Lightnin'", and Wallace McDonald as the loving young couple who keep the dreams of romance ever present in the story. They make a most deliciously natural pair; too, in their love scenes, their couple, too, for what young couple doesn't have its "love spots?"

Richard Traversa and Brandon Hurst are entrusted with the villainy of the story, and they do it well, although, as one flapper in the audience remarked last night, "Dick Traversa is too darn handsome to be a villain."

Domination Shows Son of His Father

Harold Bell Wright's Story of the West Challenges Admiration of Local Picture Fans

If Horace Greeley had lived in the twentieth century, his famous bit of advice might have been heeded by twice as many people as it is now. As seen in a Western picture like "A Son of His Father," which opened at the Dominion Theatre Monday, he might have "gone West" himself. Such beauty of scenery has never been seen before.

The story, written by Harold Bell Wright, was photographed on the actual locale the author mentions in his book. Arizona, with its rolling plains of arid wastes, the grand canyon and the majestic Colorado flowing through it—all these are shown. Just seeing them would make your evening at the movies a success.

Gorgeous Wild Country

But when this gorgeous wild country serves as a background for one of the most interesting stories that has ever been photographed, one's cup of joy should be filled to overflowing. "A Son of His Father" is Wright at his best. Real men, not the cowboys of imagination, are shown.

A scene showing a troop of United States Cavalry coming to the rescue of the hero and heroine will make you want to rise from out of your seat and cheer. The stampede of a hundred horses from the smuggler's corral puts over a thrill. The swooping down of the smuggler, a victim's cattle crams some more action into a picture already jammed full of rip-roaring pep.

The Capable Cast

And what a cast. Remember Warner Baxter the good-looking hero of "Rugged Water?" This puts him in the first Western role he's ever had, and maybe he doesn't make good. Bessie Love, the heroine of "The Lost World," is little Nora O'Shea, a girl from "the old sod." Raymond Hutton as Charley Grey, an invalid from the East, trying to get well on a diet of eggs and milk, has one of the best comedy character roles of his career. All three are featured. Walter McGrath, heading the supporting cast, is the kind of a villain one thinks is undeserving of the hard knocks he gets.

COLUMBIA Persons who crave excitement and the thrill of danger, without, however, undergoing any personal hazard, will find an opportunity for gratification in this craving in the Columbia Theatre, where "The Saddle Hawk," Universal production, is now showing. For the most part the story is one of rapid, tensely dramatic action, but it would seem that for a comedy relief the authors, Raymond L. Schrock and Edward Sedgwick, the latter also is the director of the picture, took advantage of their position of power and had some fun with Hoot Gibson, the star. They start him out in the picture as a shepherd. And what could make a real cowboy more uncomfortable than to be forced to portray such a part? And Hoot is a real cowboy, or was before he entered motion picture work and he retains all the convictions of the cowboy even now.

COLISEUM Straight comedy on the theatre stage rushing the audience from one laugh to another and a delightful six-reel comedy romance on the silver screen proved to be just the bill for the holiday crowds that jammed the Coliseum Monday. "Ebenzer" is another of those bright swift-moving plays bringing laugh after laugh with bewildering rapidity and without a single drag from start to finish that Coliseum patrons always anticipate, and this week the experienced company live up to their reputation. Richard Dix's new Paramount starring picture, "Too Many Kisses," now showing at the Coliseum Theatre, is a production claimed to have more than its share

PLAYHOUSE Published originally as a novel in Munsey's Magazine, written by Frank L. Packard and later dramatized by phenomenal success on Broadway, the Paramount-Artcraft picture, "The Miracle Man," is showing at the Playhouse Theatre all this week. As a motion picture this absorbing story has been hailed by the critics as one of the finest productions ever seen on the screen. With scenes laid in the haunts of criminals in New York's Chinatown, in a little village on the side of a giant mountain and on the shore of a roaring ocean, the opportunity for wonderful photographic effects has been realized to the limit. A cast of unusual ability enacts the important roles, headed by Thomas Meighan, a well known leading man, and including Elinor Fair, Betty Compson, Joseph J. Dowling, Lou Chaney, W. Lawson Butt, J. M. Dumont, Lucille Hutton and F. A. Turner.

First of Australian Films to Show Here at Columbia Tomorrow

From New Zealand to Victoria, B.C., via Australia, South Africa, the United Kingdom and Ireland, in a long trek but nevertheless the artists connected with the Australian motion picture depicting the life of John Lee, "The Man They Could Not Hang," have completed a journey of 25,000 miles by sea to say nothing of thousands by land. This is the first Australian film brought to Canada. To say that it made Londoners sit up and take notice is to express it mildly. The film created a furore in the capital of the motherland. The production opens at the Columbia tomorrow for a three-day engagement only.

"Use It Wherever The Recipe Calls for Milk"

St. Charles is pure, country milk just as it comes from inspected cows in choice dairy districts. Nothing is added. Nothing is taken away except half of the natural water content which is "evaporated" so that this pure milk may be put up in convenient form. If you desire a milk of creamy richness for your recipe use St. Charles just as it comes from the can—or, you can make it go twice as far by bringing it to the consistency of ordinary milk—on adding an equal quantity of water. Orchestra Plays at Capitol Theatre Tonight

Tonight at the Capitol Theatre Al Prescott and his concert orchestra will render a special programme of music for the feature presentation, "Lightnin'", starring Madge Bellamy and Jay Hunt. Among the many compositions to be played are: Suite, "Moderne," Rost; "Three Dream Dances," Taylor; Valse, "Fountain of Youth," Haines; fox-trot, "Just a Little Drink," Gail; fox trot, "Francis," Jones.

An excellent vocal presentation introducing Miss Belle McEwan, soprano, and a Van Bibber comedy special complete a very entertaining programme of pictures and music.

- 1—Give your Parker an occasional "tune-up." Dip in cold water and shake it out for an instant, pressing and releasing the filler button.
- 2—To fill—immerse point in ink, press button and release. Pen now draws ink as fast as you wish.
- 3—Keep the cap screwed on tight. The liner sleeve forms an ink seal when locked about. Always replace cap after using to prevent ink drying and gumming the lead.

They Take a Big Load off the Student's Mind

And Keep the Teachers in Good Humor

Sometimes, we'll admit, it requires four years of exposure to well-informed circles to learn that the Parker Duofold is the pen and pencil that one should have bought the first day he entered school.

Or again, one can learn in four minutes from the older students that Parker Duofold is so universally used by the student bodies that its lacquer-red and black combination has become the inter-scholastic colors, as it were.

And just insofar as Parker Duofold improves one's handwriting, it makes easier the in-

structors' task of reading the student's papers (and grading them, too, don't forget).

You can thus see that the Parker Duofold is influential in helping a fellow or a girl get the kind of marks that are cheering to all concerned.

Pen with Hand-size Grip, Over-size Ink Capacity, Free-swinging balance, 25-year Point and the black-tipped lacquer-red color, so handsome to carry and hard to mislay.

Good pen counters wouldn't be without it. Stop at the nearest one and choose your point—Extra-fine, Fine, Medium, Broad, Stub or Oblique.

Empress of Asia Is Due Today With Rich Cargo

Silk Valued at \$4,000,000—General Cargo Amounts to 2,129 Tons—More Than 250 Passengers on Board, Including Large Party of Russians

Sailing from Yokohama two days late the Canadian Pacific liner Empress of Asia will reach William Head quarantine at three o'clock this afternoon and after securing pratique will dock at the Outer Wharf at 4:30 p.m. The Asia is bringing a rich silk cargo valued at \$4,000,000. There are 840 tons of raw silk on board, and twenty-one special cars are awaiting the arrival of the liner in Vancouver to rush this consignment east to New York and New Jersey mills.

This trip the Asia is manned by a new Chinese body of men, the former crew having deserted and gone to Canton, where they were unable to return owing to the guards placed along the frontier. In addition, the Asia also took a crew of Chinese to the assistance of the Empress of Russia, whose Japanese men practically broke into mutiny while at Tokyo.

In addition to the rich silk cargo the Empress of Asia is bringing a

heavy shipment of general cargo comprising 255 tons of freight for transshipment via the Panama Canal; 850 tons for overland delivery; 100 tons for discharge at Victoria; twenty tons for Puget Sound and 100 tons of perishable cargo for overland delivery.

There are 250 passengers of all classes on board, including the largest party of White Army Russians to come here from their country of exile, Manchuria. Ever since the Bolshevik overthrew the Czarist regime Russian exiles have passed through this port, mostly to the United States. Last year two parties of "White" Russians came to Canada to settle in the Bassano district, to cultivate the irrigated lands along the C.P.R. line. The party on route here aboard the Empress of Asia numbers 110 in all.

The Empress of Russia, it was learned here yesterday, had straightened out her difficulties and cleared from Japan for Shanghai and Hong Kong. Very little trouble is anticipated at the Chinese ports, since new districts are filling the vacancies caused by the strikers. The Empress of Canada, has left Hong Kong and is en route to Japan. None of her crew deserted at the British port.

Sale of Ss. Chasina Is Halted by Judge

Action for Bill of \$12,000 Non-Payment on Vessel Will Be Heard September 24

VANCOUVER, Sept. 8.—Sale of the steamship Chasina, of the Alaska Pacific Shipping Company, advertised for tomorrow morning by the Marine Repair Company on a statutory lien, was halted this morning by Mr. Justice D. A. McDonald, who granted counsel for the steamship firm an injunction restraining the auction.

The injunction was ordered on the stipulation that wharfage, insurance and cost of a watchman during the period intervening the date of the injunction and the trial on September 24 be paid to sellers appearing for the Marine Repair Company by Friday.

Action for a bill of \$12,000, non-payment of which was the grounds on which the statutory lien was exercised and the ship sold tomorrow, already commenced by the repair firm, will be heard on September 24. The Chasina was formerly the Santa Maria and is forty-two years old. The Alaska Pacific Shipping Company contends that the Marine Repair Company's bill is exorbitant.

Appeal Is Made to Rescind Reduced B.C. Grain Rates

MONTREAL, Sept. 8.—That the order reducing rates on grain and flour to British Columbia be rescinded, and that the matter be reconsidered as part of the general investigation into freight rates, in the subject of an appeal which had been made to the Dominion Board of Railway Commissioners by the Montreal corn exchange. The application has been forwarded to the board from J. K. Smith, manager of the Board of Trade transportation bureau.

The application states that neither the Montreal Corn Exchange Association nor the Montreal Board of Trade, of which the former is a branch, was notified of the hearing in the British Columbia case, nor were they given an opportunity of being heard.

Provincial Police Finally Secure a Patrol Launch

Tenders Called for Thirty-Five-Foot Motor Boat—Will Have Speed of Fifteen Knots—Customs Officers Hope to Secure M-846 for Rum-Chasing Work

Final steps are being taken to provide the Provincial police of this city with a powerful launch, with which to cope against the smugglers plying the Strait of Juan de Fuca. It was learned here yesterday.

Tenders are being called by the Provincial Government for the completion and equipment of a thirty-five-foot motor launch, recently purchased by the Provincial police department. Tenders will be received up to noon on September 23.

Plans, specifications and forms of tender may be obtained at the office of the purchasing agent, Parliament Buildings, or the Provincial police office. The plans were made by the forestry department and when the vessel is completed she will be just the kind of vessel necessary for the chasing of smugglers.

The hull is thirty-five feet long and nine feet beam. Housing work and installation of engine remain to be completed. The engine is expected to give the craft a speed of fifteen knots.

He didn't have the energy to fight

Lost . . . another big order . . . the fourth defeat that day. All because he didn't have the energy to fight when his prospect said "No." Something had blunted his senses and stolen his strength. What was he coming to?

That "something" was constipation, the world's most universal disease. What a shame so many people suffer from constipation when there is really such an easy, pleasant, sure way to bring permanent relief—the regular use of Kellogg's ALL-BRAN—two tablespoonfuls daily; or in chronic cases, with every meal.

Kellogg's ALL-BRAN is what doctors call a bulk food. As it travels through the system its fiber remains unchanged. Therefore, it sweeps the intestine clean and drives out the vicious poisons of constipation. ALL-BRAN also absorbs and carries moisture through the intestinal tract, stimulating it to healthy, normal action. ALL-BRAN works as nature works. You need never increase the amount eaten. How different from habit-forming pills and drugs, which become ineffective unless the dose is steadily strengthened and increased.

You'll like Kellogg's ALL-BRAN. Serve it with milk or cream, sprinkled over cereals, or cooked with cereals; in soups, or made into

Half the world is half asleep

Can success in life be undermined by constipation? Indeed it can. The poisons of this disease tire you out, wear you down, make you listless and make you lose interest in things in general. Ambition is most often prompted by a thoroughly healthy body. Kellogg's ALL-BRAN brings permanent relief from constipation.

KNOW THE TRUTH ABOUT BRAN

To be effective, bran fiber must go through the various digestive processes without submitting to any of them. It must pass through the entire alimentary tract without its form being changed.

What happens when a bran food is eaten? After the saliva has acted upon it, it passes through the stomach and into the intestine, where every part which is not fiber is absorbed.

In ALL-BRAN the quantity of fiber is so great that it furnishes bulk enough to prevent and relieve constipation.

In a part-bran food, the quantity of fiber is so small that there is only a puny amount to do a Herculean task.

ALL-BRAN brings sure results. Demand it.

the many recipes given on the package. You'll like it with fruit. If eaten regularly, it is guaranteed to bring permanent relief or your grocer returns the purchase price.

Caution! Be sure to get Kellogg's ALL-BRAN. Only ALL-BRAN brings sure results. A part-bran product can be, at best, only partially effective—perhaps not at all. Served in leading hotels and restaurants. Sold by all grocers.

Insane Patient Confesses Crime

Kidnapper and Slayer of Little Six-Year-Old Girl Tells Story to Police

MONTCLAIR, N.J., Sept. 8.—Harrison W. Noel, twenty years old, former Harvard student and escaped inmate of an insane asylum, who kid-

napped and killed six-year-old Mary Daly because of a "craving for \$1,000" ransom money, is likely to be ordered confined for life, as were the slayers of Bobby Franks in Chicago. Noel pleaded guilty yesterday to the kidnapping. He denied he shot and killed the girl or Raymond Pierce, negro taxicab driver, to get an automobile for the abduction. He awaits arraignment on charges of murdering the girl and wounding John Sandin, chauffeur, who gave chase after the kidnapping. Sunday he confessed with the utmost fulness to all of the

crimes. Captain J. Mason, head of Essex County detectives, says Noel is hopelessly insane.

Interesting Report Denied

OTTAWA, Sept. 8.—Official denial was made today of the report to the effect that Mrs. Mary Ellen Smith, of Vancouver, has been appointed to the advisory board. While Mrs. Smith's name has been rumored as a likely appointee, it is stated that no appointments have been made so far by the Government to the tariff board.

Victoria Gyros Are Invited to Support By-Law

Service Clubmen Will Co-operate With Chamber to Assure Passing of Tax Exemption Measure

Music Features Meeting

Victoria Gyros were yesterday invited by the Chamber of Commerce to use their influence in support of the passage of the grain elevator by-law, which will be voted upon by ratepayers of the city at the polls tomorrow.

President Harold L. Butterfield, of the Gyro Club, urged members of the organization to do all in their power to assure the carrying of the by-law. The approval of this measure by the ratepayers would, he observed, mean a great deal for the future of Victoria, and accordingly, it should be passed by a huge majority.

All Service Clubs to Aid

Other service clubs have been asked by the Chamber to co-operate in an effort to induce the ratepayers of Victoria to turn out in large numbers and vote for the tax exemption by-law.

The Gyros' weekly luncheon was held yesterday in the Elks' Club premises. Weller Block, Douglas Street, Mr. C. Lewis, producer of the musical comedy, "The Beauty Shop," which will be staged at the Royal Victoria Theatre on October 1, 2 and 3, was a guest at the gathering, and told of the success "The Beauty Shop" had been in all the cities in which it had been produced.

Made Predominant

The Gyro orchestra, led by Gyro Charlie Hunt and Harry Holder, was given a wonderful ovation at the conclusion of the several numbers it so capably rendered. Vocal solos were given by Gyro Ed Chivers.

Mr. Frank Humphries, of A. E. Humphries, Limited, was welcomed as a new member, and received a hearty greeting.

Gyro Dick Lipsey was the winner of the coal and wood prize donated by Gyro William A. Cameron. To Mr. C. H. Lewis, guest of honor, went the attendance prize, given by Gyro Fred Bartholomew.

Urgent Appeal Made for Aid

Heavy Demands on Canadian Armenian Relief and Save the Children Fund

Canada recently made one of the largest, if not the largest, individual donations to the Save the Children Fund ever received by the fund in any part of the Empire. Mr. R. J. Graham, a leading citizen of Belleville, Ont., has given two cartloads of dehydrated food on the nature of vegetable soup-stock, making the large quantity of 20,000 fifteen-pound tins, with a wholesale value of \$17,000. The Save the Children Fund is devoting its efforts to keeping alive refugees from Asia Minor until the Refugee Settlement Commission under the League of Nations can place them in Greece. Mr. Graham's gift will supply many thousands of soup rations, and will indeed be welcomed by overseas workers who are at present feeding 12,000 people at Salonika, 9,000 families in Macedonia, and are faced with additional need on every side.

"Although substantial progress has been made in the work of settling the refugees in Greece," says the Sixth Quarterly Report of the Refugee Settlement Commission, "there is still urgent need of outside assistance. In the first place, health conditions are not satisfactory, especially in the northern provinces of Greece, where malaria is particularly prevalent. But this is not all. A large number of the refugees who are not yet settled, or not permanently settled, are in a very precarious position. Those who had some means are now come to the end of their resources. The proportion of widows and orphans is very large."

It is estimated that in Salonika alone there are 80,000 widows and children, about 20,000 families, without a breadwinner, and all these people are receiving a drachma a day from the Government. The Save the Children Fund, as stated, gives help to 12,000 of these people, but is unable at present to extend its assistance further.

Continued support of the work of the Save the Children Fund is earnestly solicited by the local committee. Contributions will be gratefully received by the treasurer, Mr. F. Landsberg, 641 Fort Street, Victoria. During the past twelve months the people of British Columbia have contributed between \$14,000 and \$16,000 worth of clothing for refugee relief, and these gifts have been warmly acknowledged by the London headquarters.

Echo of Alvensleben's Activities Heard in Case at Vancouver

VANCOUVER, Sept. 8.—Suit for legal fees totalling \$1,500 for services in collecting notes of the defunct Dominion Trust Company, now in liquidation, through the arbitral tribunal and the German Clearing House under the treaty of peace in 1919, was started today by McQuarrie, Martin, Cassidy & Macgowan, solicitors, before Mr. Justice Murphy in Supreme Court Chambers.

Man Jolted Back to Life by Ambulance

VANCOUVER, Sept. 8.—Jolted when the patrol wagon in which he was being rushed to a hospital went over a bump, W. T. Nesbitt, whom police had thought dead when they found him lying on the street today with his heart action apparently stopped, sat up and gave evidence of being very much alive.

Mr. G. R. Naylor Dies at Work

NANAIMO, Sept. 8.—George Robert Naylor, fifty-two, a well-known resident of Nanaimo for eighteen years, expired suddenly this afternoon while engaged in making electrical repairs at the residence of Mr. J. Aiken, Kennedy Street.

The late Mr. Naylor had been in ill health for some time, but his sudden

demise was quite unexpected and came as a shock to his family and friends.

He leaves his widow, he leaves two sons, Thomas and John Naylor, living here. The remains repose at Jenkins' Undertaking Parlors pending funeral arrangements.

"Do not be reckless, or I shall look on you as a sort of Jubilee plunger," Judge Parry, at Clarksburg County Court, to a debtor who offered large weekly payments for rent arrears.

Fulford Holds Successful Annual Show

Is Celebration of Building of Institute Hall on Site of Former Institute Which Was Burned Down

GANGES, Salt Spring Island, Sept. 7.—The annual South Salt Spring Island Fall Show was held in the Institute Hall under the auspices of the Women's Institute and was opened at two o'clock by Col. Peck, V.C., M.P.P. The event was chosen to commemorate the opening of the new Institute Hall, which has just been built on the site of the old one, burned down last May.

The splendid new building at Fulford was erected by Messrs. Eaton & Urquhart, and they are to be congratulated on the quick and able way they carried out the contract. The hall is 60x100 feet, with kitchen and tea and supper rooms adjoining and a large stage and dressing rooms at one end.

The Show
The third annual show proved itself in all ways a great success and showed that although Fulford is only a small community, the inhabitants could, in the way of exhibiting, more than hold their own with many larger places.

The outstanding feature was certainly the magnificent flowers. Some wonderfully fine specimens were to be seen, notably Miss Hamilton's collection of cut flowers and asters and Dr. Sutherland's roses. Exceedingly pretty hanging baskets and pot plants made judging a difficult problem. The fruit and vegetables were of excellent quality, though the number of entries were not in proportion to those of the flowers. In the ladies' department the collection of jellies were exceptionally fine; the bottled meat and fish also well worthy of note, and some good bottled vegetables were to be seen.

Among the excellent needlework a silk knitted jersey, worked by Mrs. Lacey, and a hand-made rug, made by Mrs. Ruckle, were the outstanding articles.

The following is the prize list:

Bush Fires Are Again Menace West of Duncan

Outbreak in Limits of Island Logging Company Is Causing Much Trouble to Forestry Men

DUNCAN, Sept. 8.—While forestry officials were pressing a charge in the court house here on Saturday against a railway section foreman for failing to do his utmost to prevent the spread of fire on the Island Logging Company's operations, a permit fire in the same vicinity was breaking out of control and now threatens serious damage in the Cowichan Lake area.

Twenty men were immediately sent out from Duncan to help in the fight against the flames, but the fire is now said to be still out of control, with little prospect of being mastered until there is a heavy fall of rain.

Fanned by a heavy wind the fire is still traveling with great rapidity. At noon today forestry officials reported that the mill of the Moulton Lumber Company, near Hill Sixty, was in grave danger. At three o'clock this morning Assistant Ranger Porteous, of Duncan, advised the removal of the womenfolk from this camp and the recommendation was acted upon.

Weather conditions are hazardous, according to local forestry officers, and unless there is a heavy rainfall in the near future, other logging interests between Saanich and Cowichan Lake may suffer severely.

Mr. Olaf Gustafson Buried at Chemainus

CHEMAINUS, Sept. 8.—The funeral of the late Mr. Olaf Gustafson, a resident for some time in Chemainus, took place from the Baptist Church on Friday last. The ceremony was in charge of the W. M. and officers of St. John Lodge, No. 21, A. F. & A. M., of Ladysmith, at the request of Vancouver and Quadra Lodge, No. 2, of which the late Mr. Gustafson was a long-time member.

The Rev. Bro. E. M. Cook officiated at the church and W. Bro. James Strang at the cemetery. Many Musons from Chemainus, and from Nanaimo attended, showing their appreciation and esteem for Mr. Gustafson, who was seventy years old.

The pallbearers were Bros. E. Marshall, F. A. Reed, A. V. Porter, J. Stephenson, D. A. Gatun and A. I. Thomas.

Beautiful wreaths and flowers were sent by the W. M. and officers of Quadra Lodge, No. 2, A. F. & A. M., Victoria; St. John Lodge, No. 21, Ladysmith; Musons brethren of Chemainus; Messrs. H. Robinson, J. R. Smith, O. E. Heucham, C. E. Jarrett, E. F. Robinson, D. Rose, J. Lenzke, A. Howe, H. E. Donald, J. P. Murphy, A. C. Smith, T. H. Porter, Geo. Lepper, J. Martin, O. S. Olson, J. R. Robinson, J. Russell Robinson, F. Heucham, Mrs. D. Blunde and Miss E. White, of Chemainus; Mr. A. Dunes, of Port Alice; Mr. Gillingham, of Victoria; Mr. and Mrs. Mendham, of Victoria.

Guild Resumes at Brentwood Bay

BRENTWOOD BAY, Sept. 8.—A fish and chip supper is being served at the card party held under the auspices of the West Saanich Women's Institute on Wednesday evening, September 8.

The Ladies' Guild of St. Mary's and St. Stephen's churches will hold their first meeting after the summer vacation at the home of the president, Mrs. Fred Turgose, Saanichton, on Wednesday afternoon, September 18. It is hoped that all members will be present and that the meeting will be a most successful one.

Church of England service will be held in the Institute Hall on Sunday, September 13, at 2 o'clock. The Bishop of Columbia will be present, and it is hoped a large congregation will attend. The Sunday school will also resume on Sunday after the summer vacation at 2:15 o'clock.

Mr. and Mrs. Albert White, Verdier Avenue, left on Sunday afternoon for a visit to Vancouver.

Chemainus Personals

CHEMAINUS, Sept. 8.—Miss Marjory Gilroy entertained recently at a most enjoyable beach party, about twenty-five young friends of the hostess being present. The evening was spent pleasantly with games and music, a huge bonfire being the centre of attraction.

Mrs. H. Robinson was a week-end visitor to Victoria.

Mr. and Mrs. J. C. MacDonald spent the week-end here.

Mr. and Mrs. J. Stirling and Mr. and Mrs. W. Stirling, of Vancouver, are spending a fortnight with Mrs. Russell Robinson.

Mr. and Mrs. T. Toynbee and family spent the week-end with relatives at Salt Spring Island.

Mr. and Mrs. Lane and family, with Mr. and the Misses Hastings, of Tyee Siding, motored to Qualicum Beach on Sunday.

Miss Burnside's kindergarten class

was reopened this morning, the public school classes also resuming their studies after the summer vacation. Mr. and Mrs. Russell Robinson entertained at a jolly picnic at Portler Pass lighthouse on Monday. Among those present were Mr. and Mrs. John Robinson, Mr. and Mrs. Russell Robinson, Mrs. A. Robinson, Miss Mamie Robinson, Mr. and Mrs. J. Stirling, Mr. and Mrs. W. Stirling, Mr. and Mrs. F. Allison. Fishing was reported good, a large number of salmon being brought home as a result of the day's outing.

Forestry Case Is Adjourned

Question of Principle Raised in Connection With Prosecution of Railway Employee

DUNCAN, Sept. 8.—After dragging on in an intermittent manner for most of the day on Saturday, the charge against J. G. Pinson, C. P. R. section foreman at Cowichan Lake, of failing to do his utmost to prevent the spread of a forest fire when required so to do was adjourned for one week without one witness being called.

Court was called to order at 10 o'clock with Stipendiary Magistrate E. T. Greenwell presiding. Mr. J. F. Macdonald, of Vancouver, appeared for the prosecution, and Mr. J. E. McMullin, of Vancouver, legal representative for the C. P. R. in British Columbia, for the defence. The chief officials of the Esquimalt & Nanaimo Railway were present and the court room was crowded, as the case has aroused much interest here.

After a plea of not guilty had been entered, the prosecution requested an adjournment for an hour, as their chief witness, Mr. F. Sager, of the Island Logging Company, on whom the crown largely relied for a conviction, had failed to appear in court. The adjournment was granted.

At 11 o'clock the prosecution again ordered for an adjournment, this time until 2 p.m. Mr. Sager had failed to put in an appearance and Mr. Macdonald requested that a bench warrant be issued to insure his presence at the afternoon session. Mr. McMullin objected. The prosecution had been launched, he alleged, on statements made by Mr. Sager, who had now taken to the woods and was not now anxious to appear in court. He predicted that the witness would still be absent at 2 o'clock. The adjournment was granted.

At 2 o'clock Mr. Sager was still absent, the police reporting that there was doubt as to when he could be taken into custody. Mr. Macdonald then applied for the case to be remanded for one week. Mr. McMullin objected. He said the facts of the case showed that Pinson had been ordered by his company to the fire and found one-half mile of track on fire, a trestle burning and two culverts in danger. At the time a passenger train was being held at the lake.

The defence counsel said that Pinson had asked Mr. Mottishaw, of the Forest Branch, for instructions, but had received none. Mr. Mottishaw was apparently satisfied that Mr. Pinson's crew was doing good work in protecting the right of way. Fifteen minutes later Pinson asked for instructions from Forest Ranger Waddington. This officer requested that the section crew be sent into the woods to fight the fire. These instructions were obeyed and the crew remained in the woods until 6 o'clock, when released by Mr. Myers, of the Forest Branch. Pinson did not go into the woods because he was not ordered to go and because he was the person responsible for the safety of trains and his first duty was to the company.

Mr. McMullin said that Mr. Pinson was one of the most capable foremen in the service. He had an excellent war record and had a stiff leg from wounds received which would have rendered him of little use in forest fire fighting.

Question of Principle. He claimed further that the Provincial Forest Branch had no authority to take men from work on a Dominion railway, as this was. They were subject to control only by the Canadian Government and the Board of Railway Commissioners. Further, the board had issued orders which showed the duty of the section foreman in this particular instance, to engage in labor necessary for the protection of the right of way and the passenger train. He complained of the expense the company would be put to in the event of a remand being granted.

Mr. Macdonald opposed the contention of the railway counsel as to the lack of jurisdiction by the Province. He instanced the case of Provincial regulations which compelled the use of safety devices on Dominion railways to prevent the spread of fire from sparks. The defence counsel resisted this claim. The Dominion had similar safety regulations which were the ones observed on Dominion railways.

Mr. Macdonald still pressed for a remand. He desired time to look into the points raised by the company's counsel and if he found the facts as stated he would agree to withdraw the charge.

Mr. McMullin said it would be impossible for him to be present in one week as he was leaving in a few days for Toronto. The magistrate intimated that another remand might be granted at that time to meet Mr. Macdonald's convenience. The case was then remanded.

Later it was announced that the warrant for Mr. Sager had been withdrawn.
